AIMS:

Akhil International Management Solutions (AIMS) was established in the United Arab Emirates to offer guidance to career aspirants for their global professional development in Quantity Surveying, Project Management and Construction industry. AIMS provides a life-long learning and development program for QS and Project Management professionals in line with the current best standard practices of the industry.

AIMS focus especially on imparting the most adequate mentoring for the Assessment of Professional Competence (APC) process of several Chartered/Professional Institutions and has a modern approach throughout the guidance and learning process.

Our Continuing Professional Development (CPD) events are tailored with sharing of practical knowledge through dynamic presentations to fill the gaps in the aspirant's knowledge for their professional development as required by Chartered Institutions and are delivered by experienced successful industry professionals. We are committed to provide very high quality mentoring services and we have a strong team of dedicated, highly qualified, experienced professionals and Chartered Quantity Surveyors / Chartered Project Managers.

Competency Driven Guidance Program for Assessment of Professional Competence (APC):

Competency Driven Guidance program for Assessment of Professional Competence (APC) is the one of the unique service provided by AIMS. Our Continuing Professional Development (CPD) events are tailored to support individual aspirants from construction industry with proper need analysis for their professional development. AIMS designed the programs as required by the chartered Institutions and provides structured guidance by Chartered Quantity Surveyors / Chartered Project Managers and experienced industry professionals.

AIMS is successfully conducting APC programs since 2014 in Dubai, Abu Dhabi, Kuwait and Oman. We have trained over 300 professionals from 15 nationalities at AIMS in last 3 years and recorded many success stories at global level. We are committed to provide very high quality mentoring, inspiration and motivation to the professional aspirants with true spirit of teamwork for their success.

Profile of the Chief Mentor of the APC Guidance Program:

Mr. Ramesh Palikila, B.Tech, FIS, FAIQS, FRICS

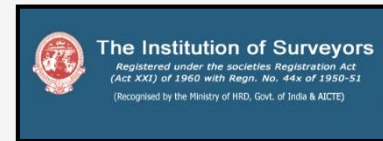

- Founder of AIMS (www.aimsintlqs.com)
- Civil Engineer
- Chartered Quantity Surveyor
- Fellow of Royal Institution of Chartered Surveyors (FRICS) – UK
- Fellow of Australian Institute of Quantity Surveyors (FAIQS) – AU
- Fellow of Institution of Surveyors (FIS) – IOS, India
- Founder “Competency driven Mentoring programs in UAE ” for APC interviews
- RICS Trained Assessor and Counsellor for APC professional interviews –MENA
- AIQS UAE Board member and Trained Assessor for APC professional interviews

Ramesh has over 20 years of experience in the construction industry in UAE, Malaysia and India. He has been involved with a wide variety of large scale mixed development construction projects such as marine works, power plants, townships, industrial buildings, residential housing projects, civil engineering infrastructure works, hospitals and air ports.

Ramesh has held management positions in a variety of divisions with the contractors, consultants and Semi-Government organizational clients. His experience includes implementation of best practices in procurement strategies, contracts management, cost management and effective contract administration.

Ramesh extensively mentored many global QS professionals in UAE, Doha, Kuwait, Oman and India. With his passion for mentoring professionals, he founded “Matrix – Professional mentoring Programs” to share various QS competency knowledge to QS professionals in UAE. Further to his hard work and selfless service to Quantity Surveying professionals in Middle East, he has received two international awards from RICS in the categories of “Outstanding Mentor” in 2009 and “Best Counselor” in 2011 in MENEA region.

Ramesh received an infinite value award in the individual category of “QS Advocacy award” with a global recognition from AIQS in Sydney, Australia in November 2013. He is a fellow member of the following QS institutions at global level.
