# CORPORATE TRAINING PROGRAM (CTP)

## TRAINING & MOTIVATION

have always been the private sector's greatest tools to impact the **CORPORATE BOTTOM LINE**

## ABOUT CTP

AIMS has successfully conducted innumerable customized CTPs for various international organizations in many GCC countries (UAE, Doha, Bahrain, Oman and KSA), India and Philippines. Further to successful journey, AIMS is relaunching live/online training programs to corporates in the construction industry to meet organizational needs and provide international skills to all the employees.

## CORPORATE TRAINING PROGRAM (CTP)

“Excellence is doing ordinary things extraordinarily well”

-John William Gardner

## TRAINING NEED IDENTIFICATION & ANALYSIS

CTP starts with identifying and analyzing required core knowledge and skills of professionals to meet the organizational needs.

## DEVELOPING CUSTOMIZED PROGRAM

CTP designs and provides a customized development plan to overcome the organizational challenges and improve efficiency and effectiveness of the professionals to deliver their services competently.

## ENHANCING CORE KNOWLEDGE AND SKILLS

CTP develops various activities and training methods to enhance competencies and skills of professionals as required for business operations.

## PERFORMANCE DEVELOPMENT

CTP improves the performance of Engineers /Quantity Surveyors/Contracts Management /Project Management professionals for successful delivery of projects.
